EVENT BOOKING PLATFORM & FOOD RECIPE APP

- Spearheaded MERN stack development for event booking, mastering MongoDB, Express, React, and Node, enhancing technical proficiency.
- Pioneered a creative food recipe app using React Native, for exciting start of app development.

AREA OF INTREST

- MERN Stack Developmment
- Java Spring & Spring Boot
- Backend Development

CERTIFICATIONS

- Languages : C, Java
- Web Development : Certificate in Mern
- Dynamic : Data Structures

SKILLS

- Languages : C,Java,Python
- Front End : Html,Css,Js,React Js,Tailwind
- FrameWork : Express Js, SpringBoot
- Back End : Node Js, Java ,Docker
- DataBase :MongoDb,MySql
- Tools: vs code,github,postman,Intellij

ACHIEVEMENTS

- Runner inTechnical Symposium Crypt era 2023
- Runner up in pogram Contest 2023 in SECE
- Finalist at Psg-Hackfest in 1000+ teams
- Sports Excellence Award In SECE 2022
- Gold in National Level Silambam Champianship
- Popularity Award in South Korea | UNESCO

WORKING PROJECTS

Engaged in diverse projects, delving into full-stack development from inception to deployment. Gained diverse skills, turning challenges into learning opportunities.

SRI MURUGAN BUILDERS - React js, Java Spring Boot, MongoDB

- Led the development of a project, integrating interactive elements, dynamic maps, and sophisticated emailer system for optimal online presence in construction
- Meticulously managed a gallery section with a backend database, ensuring optimal speed and responsiveness, enhancing advertising effectiveness in the construction industry.

  Project Repo Link & Live Project Link

LOCAL SHOPING WEBSITE - React js, Express js, Node js, MongoDB

- Engineered an intuitive local shopping website for seamless product exploration, offering customers a user-friendly interface to browse and discover a diverse range of available products.
- Implemented a streamlined ordering system, ensuring effortless orders with confirmation emails for enhanced client satisfaction.

PERSONAL PORTFOLIO - React js, Express js, Node js, MongoDB

- Crafted a visually captivating portfolio with an interactive slider, integrated YouTube, and additional features.
- Designed a captivating gallery, showcasing diverse works and skills, enhancing the overall user experience.

CODING PLATFORMS

LeetCode Rating of(+1450)
Leetcode Problems (+270)
Codechef Rating (+1257)
Skillrack Ranking (+1262)
Skillrack Problems (+2142)

INTERN

Completed an intensive MERN stack development internship, gaining hands-on experience in building web applications. Collaborated on realworld projects, MongoDB, Express.js, React, and Node.js, and demonstrated problem-solving skills. Enhancing my proficiency in full-stack development.

EDUCATION

B.TECH COMPUTER SCIENCE AND BUSINESS SYSTEMS	2021-2025	
Sri Eshwar College Of Engineering , Coimbatore	CGPA-8.01	
SSLC & HSC	2019-2021	
JSR Higher Secondary School, Madathukulam	percentage 85.5%	

Passionate and results-driven software student eager to contribute to an esteemed organization that values talent. Dedicated, respectful, and committed to fostering growth while utilizing my skills for the company's success.
